

International Conference on Mycological Aspect of Food and Feed Safety (IC-MAFFS)  
27-28 June 2013, at Faculty of Agricultural Technology, Universitas Gadjah Mada, Yogyakarta, Indonesia  
TENTATIVE PROGRAM  
(By June 21)

THURSDAY, 27 June 2013	
07.00-08.00	REGISTRATION and BREAKFAST
08.00-09.00	Opening Ceremony - Organizing Committee (Endang S. Rahayu) - Coordinator of CEMycoS (Suparmo) - Dean of the Faculty of Agricultural Technology UGM (Lilik Soetiarso) - Traditional Dance for Opening the IC-MAFFS
09.00-12.00	Plenary Session I (Moderator : Suparmo / Warapa Mahakarnchanakul)
09.00-09.30	Sri Raharjo – <i>Research and Community Outreach on Mycotoxin: The Indonesian Experience</i>
09.30-10.00	Roy Sparinga - <i>Risk-Based Approach to Mycotoxin Control and Regulation</i>
10.00-10.30	Robert A. Samson – <i>Biodiversity of Mycotoxigenic Fungi</i>
10.30-11.00	Sohei Sakuda - <i>Prevention of Mycotoxin Contamination using Mycotoxin Production Inhibitors</i>
11.00-11.30	Xing Jie - <i>Ultra Fast Mass Spectrometry and Application in Analyses of Mycotoxins and other Chemical Contaminants in Food Matrices</i>
11.30-12.00	Gardjita Budi – <i>Government Policy on Food Safety: Mycotoxin and International Trade on Agricultural Product</i>
12.00-12.15	Michelangelo Pascale – <i>Future Network (SEA-EU-NET 2)</i>
12.15-12.30	Photo Session at Balairung, Head Office Universitas Gadjah Mada
12.30-13.00	Break
13.00-14.00	Poster Session*
	Plenary Session II (Moderator : Endang S. Rahayu/ Abigail Rustia)
14.00-14.30	Nai Tran-Dinh - <i>Public Health and Economic Impacts of Aflatoxins in Developing Countries</i>
14.30-15.00	Peter Abbott - <i>Review of International Mycotoxin Risk Assessments by JECFA</i>
15.00-15.30	Sokneang In - <i>Considerations for Dietary Exposure Assessment for Mycotoxins</i>
15.30-16.00	Bui Thi Mai Huong - <i>Dietary Exposure Assessment of Aflatoxins and Fuminosins in Rice and Maize in Vietnam</i>
16.00-16.30	Winiati P. Rahayu - <i>Prevention and Reduction of Mycotoxin by Biological Agent</i>
16.30-17.00	Jinap Selamat - <i>Application of Technologies for the Reduction of Mycotoxins</i>
17.00-17.30	Lyn Esteves - <i>Managing Field Mycotoxin Levels with Bt Maize</i>
17.30-21.00	Welcome Dinner and Gathering

FRIDAY, 28 June 2013

FRIDAY, 28 June 2013		
07.00-08.00	REGISTRATION and BREAKFAST	
08.00-11.30	Mycology	Mycotoxin
08.00-08.30	Sardjono – <i>Safety Aspect of A. oryzae on Traditional Fermentation Process</i> (lead and moderator)	Michelangelo Pascale - <i>The Importance of Representative Laboratory Samples and Confirmatory Methods for Mycotoxin Analysis</i> (lead and moderator)
08.30-09.00	Latifah Zakaria - <i>Biodiversity of Aspergillus species in corn feed</i>	Jing Tan – <i>Mycotoxin Determination by LC-MS/MS</i>
09.00-09.30	Okky S. Dharmaputra - <i>Fungal infection and mycotoxin contamination in Indonesian food and feedstuff</i>	Vicenzo Lippolis - <i>Rapid and Emerging Methods for Mycotoxin Analysis</i>
09.30-10.00	Sukanta K. Sen - <i>Exploration of Monascus sp. for Production of Food Colorant</i>	Michael Zheng – <i>Rapid Lateral Flow Test for Mycotoxin Detection</i>
10.00-10.15	Nurul Faziha Binti Ibrahim - <i>Mycotoxin Profiles of Gibberella Fujikuroi Species Complex Isolated from Fusariosis in Pineapple</i>	Ali Agus – <i>Overview and Current Status of Feed Mycotoxin Contaminants in Indonesia</i>
10.15-10.30	Nova Wahyu Pratiwi – <i>Diversity of Mold in Gaplek and its Warehouse in Gunung Kidul, Yogyakarta and Their Potency in Producing Aflatoxin</i>	
10.30-10.45	Nazly Al Mahdy - <i>Risk Assessment Aflatoxin B1 in Corn-Based Food (Sekelan) from Tretep District, Temanggung Regency, Central Java Province</i>	Yatie Setiarsih - <i>BIOMIN Mycotoxin Survey Program 2012</i>
10.45-11.00	Darmawan Ari Nugroho - <i>Reduction of Aflatoxin B1 Contamination in Corn Processing</i>	
11.00-11.15	Isworo Rukmi - <i>Studies on Mycoflora of Kempong, a Traditional Fermented Food in Karangpucung Kidul village, Lingsapura Bumiayu, Central Java</i>	Tomohiro Furukawa - <i>Studies on the Target Protein of Precocene II that Inhibits Trichothecene Production of Fusarium graminearum</i>
11.15-11.30		Diyan Febri Prabowo - <i>Aflatoxin Production Inhibitory Activities of Mitochondrial Respiration Inhibitors</i>
11.30-13.00	Break	
13.00-14.00	Poster Session	
14.00-16.00	Plenary Session III	

	Moderator : Jinap Selamat / Sigit Setyabudi
14.00-14.30	Eko S. Pribadi - <i>Aflatoxin: Their Impacts on Animal Health And Veterinary Public Health</i>
14.30-15.00	Warapa Mahakarnchanakul - <i>Current status of Mycotoxins in Food and feed in Thailand</i>
15.00-15.30	Nai Tran-Dinh (John I Pitt) – <i>Application of the FSO Concept for Risk Management of Mycotoxins along the Food Chain</i>
15.30-16.00	Rao C.N. Rachaputi – <i>Application of Aflatoxin Research Outputs to Minimise Aflatoxin Contamination in the Australian Peanut Industry</i>
16.00-16.30	Anna Rahmianna - <i>Drought tolerant and Aspergillus flavus infection resistant variety as one of technology innovation to control aflatoxin: an effort to support processed-peanut industry in Indonesia</i>
16.30-17.00	Wrap up : Baharudin Saleh + Endang S. Rahayu CLOSSING CEREMONY
17.00 – end	City Tour Dinner and Ramayana Performance at Kadipaten Art Herritage
SATURDAY, 29 June 2013 – EXURSION (Sri Anggrahini)	
07.30	Depart to Borubodor from Campus
09.00-11.00	Borobudur
12.00-13.00	Lunch at Raminten
13.30-14.30	Visit Batik store
15.00-16.00	Back to Campus

Note :

\*About 40 posters will be presented
