

# IUMS Outreach Program on Food Safety and Conference on Mycotoxin

(Third – Announcement, September 2014)

Faculty of Agricultural Technology,  
Universitas Gadjah Mada,  
Yogyakarta, Indonesia  
November 14-15, 2014

## Background

In support of its mission to enhance the scientific background and professional effectiveness of basic and applied microbiologists, the IUMS is embarking on a program of educational outreach to developing countries and their microbiologist. The Union envisions an IUMS series of courses that will be offered to groups of microbiologists that may include graduate students, postdoctoral fellows, and practicing professionals from developing countries within a given geographic region. These will be offered periodically in various regions and on different topics of interest and importance.

This year (2014) FTP UGM will take an opportunity to be the local organizer for IUMS outreach programme, with the title of the activity "IUMS Outreach Program on Food Safety and Conference on Mycotoxin". This program will be design for two days, 14-15 November 2014, held at the Faculty of Agricultural Technology UGM. This outreach program and conference, will be open for scientists from ASEAN countries, and other countries of ASIA, to participate by presenting their paper or poster. We will expect about 200 participants from all over ASEAN countries. To organize this program FTP-UGM will be supported by two related societies in Indonesia, PERMI (Indonesian Food Microbiologist) and PATPI (Indonesian Food Technologist), as well as BPOM.

Online registration on:  
[www.cemycos.tp.ugm.ac.id](http://www.cemycos.tp.ugm.ac.id)

Important date  
Final submission abstract:  
30 September 2014

## Program

14 November 2014 Friday	Program
07.00 - 08.00	Registration Breakfast and Coffee Morning
08.00 - 08.30	Opening
08.30 - 12.00	Outreach Program on Food Safety (Invited Speakers from IUMS, ICFM, PERMI, PATPI)
12.00 - 13.00	Break
13.00 - 14.00	Poster Session
14.00 - 15.30	Outreach Program on Food Safety (Invited Speakers from IUMS, ICFM, PERMI, PATPI)
15.30 - 16.00	Coffee Break
16.00 - 18.00	Technical Session for Mycotoxin Presentation
18.00 - 20.00	Welcome Dinner and Gathering
15 November 2014 Saturday	
07.00 - 08.00	Registration Breakfast and Coffee Morning
08.00 - 10.00	Technical Session for Mycotoxin Presentation
10.00 - 10.30	Coffee Break
10.30 - 12.00	Outreach Program on Food Safety (Invited Speakers from IUMS, ICFM, PERMI, PATPI)
12.00 - 13.00	Break
13.00 - 17.00	Outreach Program on Food Safety (Invited Speakers from IUMS, ICFM, PERMI, PATPI)
17.00	Closing

## Contact person

## Speakers

Giancarlo Perrone, Dr (ISPA, Bari, Italy)

- Black aspergilli and their mycotoxin production
- Mycotoxigenic fungi and mycotoxins in corn

Jens C. Frisvad, Prof. Dr (Technical University of Denmark)

- Mycotoxins and exometabolites in foods
- How do we secure correct identification of mycotoxins and the fungi which produce them?

Latiffah Zakaria, Dr (Universiti Sains Malaysia, Malaysia)

- Food Safety in Malaysia

Ludwig Niessen, Prof. Dr (Technische Univ. München Freising, Germany)

- Application of molecular biological methods for detection of mycotoxin producing fungi in food
- Detection of mycotoxins using affinity-based technologies

Naresh Magan, Dr (Cranfield University Silsoe, Bedfordshire, UK)

- Climate change, food security and mycotoxins: do we know enough?
- Mycotoxin regulations and sampling issues in the global market?
- Ecology of mycotoxigenic fungi and possible prevention strategies

Rico Emilia Dr (International Commission on Food Mycology, USA)

- Good Sanitation Practices (GSP) and Environmental Monitoring Program (EMP) to prevent pathogen contamination and mold spoilage of Ready-to-Eat (RTE) foods
- Molds isolated from the processing environment and their significance in spoilage of heat-processed beverages and juices

Rindit Pambayun, Prof. Dr (Univ. Sriwijaya, Indonesia)

- Current research and technological application in food safety in Indonesia

Robert A Samson, Prof. Dr (CBS, The Netherlands)

- The IUMS outreach programme

Roy Sparinga, Dr. (The National Agency of Drug and Food Control)

- Indonesian food safety: regulation and challenge

Su-Lin Hedén (National Food Administration, Sweden)

- Identification of foodborne yeasts and moulds – a guide for users
- Biocontrol of mycotoxins – strategies and obstacles

Thrane Ulf Prof. Dr (Technical University of Denmark)

- Fusarium toxins
- Are all fungal metabolites toxic?

Warapa Mahakamchanakul, Dr (Kasesart University, Thailand)

- Mycotoxin Regulation in Thailand

Endang S. Rahayu, Prof. Dr (Universitas Gadjah Mada, Indonesia)

- Traditional fermented food and their safety

Francis M. C. Sigit Setyabudi, Dr (Universitas Gadjah Mada, Indonesia)

- Current and prospect of research & community outreach in mycology and mycotoxin in Indonesia

## Registration fee\*

### Local Participants

Participant	Early Bird** (IDR)	Standard (IDR)
Student	200.000	250.000
University/Institution	400.000	500.000
Industry	750.000	1.000.000

### International Participants

Participant	Fee (US \$)
Student	100
University/Institution	150
Industry	250

\*Registration fee covers conference kits, refreshments and lunches  
\*\*Before 10 October 2014

Organized by:

Faculty of Agricultural Technology,  
Universitas Gadjah Mada

International Union of  
Microbiological Societies
